EMEAP Central Banks Announce the Launch of PAIF Securities Lending

26 June 2018

The Executives’ Meeting of East Asia-Pacific Central Banks (EMEAP) is pleased to announce the launch of securities lending in the Asian Bond Fund (ABF) Pan-Asia Bond Index Fund (PAIF). With effect from 10 July 2018, selected local currency-denominated bonds held within PAIF will be made available for lending in the regional securities lending markets.

The EMEAP has actively led the ABF Initiative to promote efficient financial intermediation in the region. The ABF has played a catalytic role in improving market infrastructure, accelerating tax and regulatory reform to facilitate cross-border investments, and raising investor awareness and interest in Asian bonds. Since the inception of ABF in 2003, the size of Asian local currency-denominated bond markets has grown almost eight-fold to exceed USD10 trillion, providing more funding and investment instruments in local currencies.

The launch of PAIF Securities Lending represents another milestone in the ABF
